EDUCATION

- **Bachelor's in Computer Engineering**

L.D. COLLEGE OF ENGINEERING

2020 - 2024

Percentage: 78.80

- **Higher Secondary Education**

Kendriya Vidyalaya No.1 Sector-30, Gandhinagar

2018 - 2020

Percentage: 94

ACHIEVEMENTS

- Winner of SSIP AKAM Hackathon-2022 at the Gujarat State Level. Developed a Flutter application that utilizes map view to display all the current government schemes. The app also includes a verification feature where inspection officers can use image metadata to extract location coordinates and compare them with the coordinates of government sites during inspections.
- Smart India Hackathon-2022 (SIH) (Regional round) and developed an Android application aimed at providing a centralized platform for people with disabilities (PWD) to access information about various government schemes applicable to them, facilitating easy application to these schemes.

AREA OF INTEREST

- Website Security
- Software Engineering Methodologies
- UI/UX Design

ABOUT

Computer Engineering student with a strong foundation in software development and a keen focus on problem-solving. Experienced in web development using the MERN stack, good at identifying and resolving complex technical challenges. Passionate about programming and eager to contribute analytical and problem-solving skills to a dynamic organization.

PROJECT

- **Shopannies.in**

link:

<https://shopannies.in/>

Built an e-commerce platform with Node.js, Express.js, and MySQL, incorporating authentication, cart, wishlist, product filtering, search, and Razorpay payment integration. Designed a responsive frontend using HTML, CSS, JavaScript, and EJS. Developed an admin panel for efficient product management, user monitoring, and order tracking.

- **Portfolio Website**

link:

<https://orange-rivy-49.tiiny.site>

Created a personal portfolio website with HTML, CSS, and JavaScript, featuring modern UI design, smooth scrolling effects, interactive image sliders, and dynamic project filtering. Demonstrated proficiency in front-end development.

- **DSC MESSENGER**

link:

<https://messs-project.web.app/>

This React web app is a simple messenger with username prompts, utilizing Firebase Realtime Database for chat history storage and retrieval. It is deployed using Firebase Hosting for seamless accessibility.

SKILLS

- Programming Languages: Java, JavaScript, HTML, CSS, C++
- Front-end Development: React.js, HTML, CSS, Javascript
- Back-end Development: Node.js, Express.js, RESTful APIs, authentication, Payment Gateway Integration in Nodejs(Razorpay)
- Database Management: MongoDB, SQL
- Version Control: Git, GitHub
- Proficient in core subjects: DSA, OS, CN, COA, and DBMS.
